3. Support and periodically assess the performance of the president and establish and review the president’s compensation.

4. Charge the president to lead a strategic planning process, participate in the process, approve the plan, and monitor its progress.
5. Ensure the institution’s fiscal integrity, preserve and protect its assets and engage directly in fundraising and philanthropy.

6. Ensure the educational quality of the institution.

7. Preserve and protect institutional autonomy and academic freedom.

Effective Governing Boards

Organizing Committee Work

- Organize most of the board’s work by committee.

- Each committee should have a clear charge in the bylaws or other board documents which reflect strategic board responsibilities.

- Committees should monitor strategic performance and recommend decisions and actions to the full board.

- The executive committee should also have a clear charge and not encroach on the work of others.

- Committee performance should be monitored by the executive committee and assessed annually.
Better Board & Committees Meetings

- Each committee should have a chair and vice chair (board members) who rotate periodically – three years is ideal.
- Each committee should have a senior staff member assigned who can facilitate its work and support the chair.
- Committee members should receive concise, focused agenda and supporting material from the committee chair and senior staff prior to meetings.
Better Board & Committees Meetings

- Set annual board and committee goals.
- Establish an annual calendar for meetings.
- Match agenda, goals, reports, and seasonal decisions.
- Use consent agendas, minimize reports, make time for strategic discussions.
- Provide materials well in advance of meetings.
Board Accountability & Assessment

- Each board member, individually
- Committees
- Board
- Other times: meetings, campaigns, leadership transitions, strategic plans
