Preface

Thank you for your interest in programs for students with disabilities at West Virginia's public colleges and universities. This report outlines available support services and resources at each campus across the state. A listing of campus coordinators for the Americans with Disabilities Act (ADA) is provided. These coordinators are available to answer any campus-specific questions not covered in this report.

This information has been cooperatively developed by the West Virginia Higher Education Policy Commission, the West Virginia Council for Community and Technical College Education, and the West Virginia Department of Education. This cooperative effort has supported the expansion of postsecondary opportunities for individuals with disabilities. Collectively, they encourage your pursuit of higher education.
