

## **INTENT TO DIRECT AWARD**

### **Student Loan Billing Services**

The WV Higher Education Policy Commission (Commission) currently has several grant programs that require the use of a Student Loan Billing Service. In 2008, the Commission released a Request for Proposal (RFP) for the Student Loan Billing Services for a 5-year contract. At that time, only one vendor responded: Educational Computer Systems Inc. (ECSI). The contract was awarded to ECSI. When the contract expired, the dollar amount of the usage was such that the Commission was not required to request bids so the Commission entered into a new contract with ECSI.

In the 2019 WV Legislative session, Senate Bill 1 passed creating a new “WV Invests Grant Program”. This program is much further reaching than previous/current grant programs. The Commission believes that our usage of a Student Loan Billing Service will significantly increase. To that end, the Commission needs to award a new contract for Student Billing Loan Services.

Because of our past history of vendor bid responses and due to the very restricted timeframes, the Commission intends to contract with ECSI unless another service provider objects.

A potential bidding document has been created. Any vendor who would desire to bid for these services would need to meet the criteria as described. The sample bidding document follows.

If after reviewing the required criteria, a vendor wishes to be given the opportunity to bid for these services, they must notify the Commission by April 6<sup>th</sup>. Please contact:
