No number of ACA eligible periods of part-time, temporary, casual or student employment shall create any presumption of a right to appointment as a full-time or part time regular employee.

4.6. Any employee may elect to enroll and contribute wages to a 403(b) tax deferred retirement savings account. Enrollment is voluntary and 403(b) deferrals are not matched by the employer. 6.2. Change in status. The president or his/her designee will review and make a final determination as to the status or change in status of any employee. Determination of status or change in status means assignment to, or change in the type of employment or the category to which an employee is assigned.

6.3. When the president or his/her designee determines that a part-time regular employee becomes a full-time regular employee, he/she shall credit that employee's previous service toward any calculation of length of service for purposes of this rule and benefit eligibility based upon a prorated comparison against a 1.00 FTE. Previous length of service as temporary, casual, and student employees shall not be credited toward seniority calculations under other sections of this rule or statute.

§133-55-7. Workweek.

7.1. The standard workweek is thirty-seven and one-half hours. The workweek is a regularly recurring period of one hundred sixty-eight (168) hours in the form of seven (7) consecutive twenty-four (24) hour periods. It begins at 12:00 a.m. on Saturday and ends at 11:59 p.m. on Friday.

This policy shall also provide that, where possible, the institution shall provide the employee with reasonable notice of such changes.

§133-55-9. Pay Calculations.

9.1. Base salary is calculated on a thirty-seven and one-half (37 1/2) hour workweek.

9.2. When base salary increases are calculated and rounding is involved, the policy is to round up to the nearest even dollar amount.

9.3. Overtime pay for non-exempt employees is calculated at the rate of one and one-half (1 1/2) times the regular hourly rate, which is the total base salary, plus any incremental pay, divided by 1,950 hours.

Overtime does not commence until forty (40) hours have actually been worked within one (1) workweek. Regular hourly pay, also known as "straight time," is paid for work time between thirty-seven and one-half (37 1/2) hours and forty (40) hours in a work week.

9.4. Only actual hours worked are included in calculating overtime. Pay which is received for holidays, annual leave, sick leave, or work release time, as authorized by Series 38, is not counted as working hours for purposes of overtime.

9.5. Annual leave, sick leave and longevity do not accumulate in any part of a month for which an employee is off the payroll on leave without pay or during a terminal leave period. A terminal leave period is that time between the employee's last day of work and his/her last day on the payroll. Longevity continues to accrue for employees absent from work and off the payroll when the absence is due to a work related illness or injury covered by workers compensation, or is due to military service in accordance with applicable federal law.

§133-55-10. Holiday Premium Time Off.

10.1. When a full-time or part-time classified non-exempt employee is required to work on any designated board or institution holiday, that employee at his/her option shall receive regular pay for that holiday plus substitute time off or additional pay at the rate of one and one-half (1 1/2) times the number of hours actually worked. The time off must be used within a six-month period following the holiday.

Pay for time worked beyond 40 hours in a work week are to be calculated at a rate of one and one-half (1½) times the regular hourly rate.

11.3. A written agreement between the employee and the institution shall exist when the employee chooses compensatory time off in lieu of overtime pay. The written agreement may be modified at the request of either the employee or employer at any time but under no circumstances shall a change in the agreement deny the employee compensatory time heretofore acquired.

11.4. Each institution shall develop an agreement form for compensatory time accumulation in lieu of overtime payment and shall specify the required approval process which must be completed before a non-exempt employee may work beyond thirty-seven and one-half (37½) hours.

11.5. Employees may accumulate up to two hundred forty (240) hours of compensatory time and shall be paid for all hours worked above the maximum accrual.

11.6. Employees in public safety, seasonal work, and/or emergency response categories may accumulate up to four hundred eighty (480) hours and shall be paid for all hours worked above the maximum accrual.

11.7. Compensatory time must be used within one year of accrual. Approval of an employee's request to use accrued compensatory time shall be contingent upon whether it will unduly disrupt the operation of

the institutional unit.

11.8. Should an individual's employment be terminated, any unused compensatory time shall be reimbursed as follows:

11.8.a. The average regular rate received by such employee during the first three years of the employee's employment; or,

11.8.b. The final regular rate received by such employee, whichever is higher.

11.9. An employee may not work overtime unless approved in advance per institutional policy.

§133-55-12. Posting of Vacant or New Positions.

133-55-13. Probationary Period.

13.1. Full-time regular classified employees shall serve a six-month probationary period beginning at the original date of employment.

13.2. At the end the six-month probationary period, the employee shall receive a written evaluation of her/his performance and shall be informed as to whether her/his employment will continue beyond the probationary period. As with all positions, continued employment is based on adequate funding, satisfactory performance and adherence to institution rules and regulations.

§133-55-14. Access to Personnel File.

14.1. An employee may have access to his/her personnel file when the employing institution is normally open for business. An employee may examine his/her own file and the contents therein with the following exception:

14.1.a. Materials which were gathered with the employee's prior agreement to forfeit his/her right of access, such as some references.

14.2. A representative of the custodian of records shall be present with the employee during the review. The date, time and location of each review shall be recorded in the personnel file.

14.3. A copy of any material in the personnel file, except as noted above, shall be provided to an employee upon request. A small copy fee may be charged. Positive identification of the employee must be established prior to providing access to the personnel file. Documents may not be removed from a personnel file by the employee. An employee may petition at any time for either the removal or addition of documents to his/her own personnel file. The employer may require that employees schedule an appointment to see the personnel file.

§133-55-15. Changes in Name, Address, Number of Dependents and Related Matters.

15.1. It is the exclusive responsibility of each employee to notify all appropriate persons, agencies and parties when record changes occur, including emergency information.

§133-55-16. Employee Performance Evaluations and Merit Increases.

Each employee shall receive an evaluation of his or her job related performance on an annual basis. The organization shall maintain evidence of employee participation in the evaluation process.

16.2. Each organization shall develop a consistent, objective performance evaluation system and evaluation instrument(s).

16.3. Organizations shall train supervisors in the best practices of conducting employee performance evaluations.

16.4. Supervisors who fail to conduct evaluations of those employees who report to them, according to their organization's policies, may be subject to disciplinary action.

16.5. Higher education organizations may grant merit increases or implement pay for performance programs which are in accordance with state law and the West Virginia Higher Education Compensation Management Program Salary Administration Guidelines.

The organizational rules shall encourage continuing education and staff development and shall require that employees be selected on a nonpartisan basis using fair and meaningful criteria which afford all employees opportunities to enhance their skills and productivity in the workforce of the organization.

17.7. Subject to legislative appropriation therefor, the Commission shall promote and facilitate additional, regular, training and professional development for employees engaged in human resources-related activities at all organizations or any appointees to committees based on this rule. §133-55-18. Classification and Compensation System Established.

18.1. The Commission, in consultation with the Council, does hereby establish and implement the West Virginia Higher Education Compensation Management Program. The program is designed to provide institutional flexibility to manage classification and compensation for all staff jobs in West Virginia higher education. However, the program is the legislatively required system of classification and compensation for classified employees. The program represents current best practices in classification and compensation management for West Virginia higher education employees regardless of the category to which assigned. Market based classification and compensation management is recognized as the appropriate methodology for classifying higher education jobs.

18.2. The Compensation Management Program and supporting component documents to guide in the implementation and administration of the Program were approved by the Commission and Council for implementation effective September 1, 2017. The program documents shall be considered by all institutions under the jurisdiction of the Commission and Council as a model salary administration policy and guidelines. The approved compensation management program includes:

18.2.a. The “West Virginia Higher Education Compensation Philosophy” which outlines the goals, objectives, and strategies of the compensation management system;

18.2.b. The “West Virginia Higher Education Job Classification Guidelines” which assist human resources officers with determining the appropriate classification for jobs;

18.2.c. The “West Virginia Higher Education Employee Salary Schedule” consists of pay grades with pay range spreads and indicates the minimum, midpoint and maximum salary levels for each pay grade; and

18.2.d. The “West Virginia Higher Education Salary Administration Guidelines” which assist human resources officers and institutional administrators in making appropriate pay decisions in a variety of employment situations.

18.3. The West Virginia Higher Education Compensation Management Program is designed to attract, retain, and motivate a highly talented and committed workforce to support the unique missions and goals of public higher education institutions. Competitive pay is a key element in attracting, retaining, motivating and rewarding the type of employees needed to fulfill the missions of West Virginia's colleges and universities. The goal of Commission, Council and affiliated colleges and universities is to pay competitive salaries by using systems clearly communicated to employees and readily administered by managers.

18.4. In order to fulfill institutional visions, missions and goals, West Virginia higher education institutions must attract and retain highly talented staff. To meet institutional staffing needs and priorities, the compensation system established in support of this goal includes the following objectives:

18.4.a. To provide the flexibility to manage base pay through a simple clear program that is consistent with the Commission, Council, and institutions' individual strategic and organizational objectives and in accordance with organizational missions, visions, values and financial resources.

18.4.b. To establish and maintain a competitive pay structure based on comparisons to appropriate external labor markets while also considering relative internal worth;

18.4.c. Clearly articulate, through a relevant performance management program adopted by each institution, the relationship between institutional strategy and employee performance, recognition, and rewards;

18.4.d. To ensure that the compensation program and pay are administered strategically, consistently, effectively, efficiently, fairly and equitably both within the institution and statewide in compliance with the "FACT" of Higher Education Human Resources established by the West Virginia Legislature;

18.4.e. To provide a framework for career progression and recognition of high performance;

18.4.f. To reward employees on the basis of work performance;

18.4.g. To establish a compensation policy that is fair, accountable, consistent, transparent and designed to ensure sound stewardship of available compensation funding;

18.4.h. To ensure accountability for compliance with relevant federal and state statutes; and

18.4.i. To establish the principles and processes for regular review of market position and effectiveness of policies.

18.5. Colleges and universities have flexibility to manage compensation within the parameters of the compensation program and salary schedule.

18.6. Colleges and universities may initially manage compensation using across the board, market position goals, or any other method that serves to ensure fair, competitive compensation for employees. Over time, all institutions are encouraged to transition compensation management to a rewards model that compensates employees in line with their skill, effort and outcome contributions.

18.7. The Commission shall ensure that regular market salary analyses are performed to determine how organization compensation for all classes of employees compares to compensation in relevant external markets.

18.8. The Commission, in consultation with the Job Classification Committee (JCC), shall have in place a master classification specification for every classified job title.

18.9. The Commission, in consultation with the JCC, shall develop a Position Description Form/Job Description Form (PDF/JDF) to be used by all organizations to gather data necessary for classification of positions.

18.10. Each organization must ensure that a job description shall exist for every classified job. The job description should be reviewed at least every three years for accuracy by the employee and supervisor. Submission of an updated job description does not constitute a request for a classification review. A formal request must be made pursuant to section twenty of this rule.

18.11. Neither the employee nor the supervisor shall place duties in the employee's PDF that the employee is not performing, but may be expected to perform in the future.

18.12. Salary adjustments shall be made in accordance with the Salary Administration Guidelines approved by the Commission.

18.13. During the course of its reviews, should the JCC discover the systematic misapplication of the program by an organization, it shall notify the Chancellors, who will take the appropriate action warranted.

18.14. Absent fraud on the behalf of the employee, any overpayment to the employee because of an erroneous classification decision by an organization shall not be collected from the employee. However, any erroneous overpayment to such an employee, once corrected, shall not be deemed as evidence in claims by other employees that the classification and compensation program is not equitable or uniform.

18.15. Recommendations from the Compensation Planning and Review Committee (CPRC) will be considered in agenda items presented to the Commission and the Council and in the legislative reporting process.

18.16. Pursuant to State law, the Commission may not delegate to the JCC or the CPRC the following:

18.16.a. Approval of a classification and compensation rule;

19.6. Committee members shall serve staggered terms. One third of the initial appointments shall be for two years, one third for three years and one third for four years. Thereafter, the term is four years. A member may not serve more than four years consecutively.

19.8.h. Determining when new master classification specifications with assigned pay grades are needed, and;

19.8.i. Hearing job classification appeals prior to commencement of the formal grievance process.

19.8.j. The JCC shall meet monthly if there is business to conduct and also may meet more frequently at the call of the chair, given adequate lead time. A majority of the voting members serving on the Committee at a given time constitutes a quorum for the purpose of conducting business.

20.2. Classification review requests are not to be submitted based on a desire for a salary increase, to reward for job performance, seniority, equity, future tasks, additional duties of the same nature and level of the job held or because an employee's pay is at or near the pay range maximum.

20.3. To initiate the classification review request, the employee and supervisor must complete the position description form (PDF) and a formal request for classification review form. Both must be submitted to the institutional Human Resources Office. The request for review form must include the date and detailed reasons for such request.

§133-55-21. Classification Appeals Process.

21.1. In the event that a classified employee disagrees with a classification decision made at the organizational level, he/she may appeal that decision in writing to the Vice Chancellor for Human Resources for review by the JCC. The notification shall specify the effective date should there be any change in status.

22.1. An appeal shall not be considered if based on any of the following reasons:

22.1.a. As a method to obtain a salary increase. The new Compensation Management Program should substantially limit the number of classification review requests. Compensation is not tied to a step on the salary schedule or to years of WV government service of the incumbent employee. Considerations for an increase in compensation are not to be made using the classification review process.

22.1.b. Seniority. An appeal shall not be considered if it is based on the employee's length of service with the organization or with the state of West Virginia.

22.1.c. Qualifications of the individual incumbent. An appeal shall not be considered if it is based upon the individual classified employee's qualifications. A classification determination is based upon the duties and responsibilities of the job as well as the minimum requirements necessary to perform the duties and responsibilities of the position.

22.1.d. Anticipated future job responsibilities. An appeal shall not be considered if it is based upon responsibilities that may be included in the job assignment in the future.

22.1.e. Job Performance. An appeal shall not be considered if it is based upon the performance of the incumbent or certain personality traits (e.g., loyalty, dedication, commitment to organization, hardworking, etc.). A classification determination is based upon the level and complexity of the duties and responsibility of the job performed, not the characteristics of the individual holding the position.

22.1.f. Salary within a salary range. An appeal shall not be considered if it is based upon the fact that an employee's salary is close to the maximum of a salary range or the relative position of the salary within the assigned salary range.

22.1.g. Increase in the volume of work. An appeal shall not be considered if it is based on the volume of work rather than the level of responsibilities and complexity of the work.

§133-55-23. Compensation Planning and Review Committee.

23.1. The Commission shall hereby establish and maintain a Compensation Planning and Review Committee (CPRC). The Vice Chancellor for Human Resources shall serve as the Chair of the CPRC.

23.3. The method for nominating CPRC members shall be representative of all the higher education organizations under the jurisdiction of the Commission or Council and affected constituent groups, including specifically providing for membership selections to be made from nominations from the Advisory Council of Classified Employees, the Chief Human Resources Officers, and the respective bodies representing Commission and Council presidents. The Chancellors, jointly, shall appoint members from nominations made by these affected constituent groups and require approval of the Commission and Council before beginning service.

23.4. An organization may have no more than two members serving on the CPRC at any time and the combined membership representing various groups or divisions within or affiliated with an organization in total may not constitute a majority of the membership.

23.5. The CPRC shall manage all aspects of compensation planning and review that the Commission delegates to it, within the provisions of state law.

23.6. CPRC members shall serve staggered terms. One third of the initial appointments shall be for two years, one third for three years and one third for four years. Thereafter, the term is four years. A member may not serve more than four years consecutively.

23.7. The CPRC shall meet at least quarterly and at other times at the call of the Chair. A majority of the voting members serving on the CPRC at a given time constitutes a quorum for the purpose of conducting business.

23.8. The CPRC has powers and duties which include, but are not limited to, the following:

23.8.a. Making recommendations for revisions in the system compensation plan, based on existing economic, budgetary and fiscal conditions or on market study data;

23.8.b. Overseeing the annual internal market review;

23.8.c. Meeting at least annually with the JCC to discuss benchmark jobs to be included in salary surveys, results of job family reviews, and assessment of current job titles within the classification system for market matches and other issues as the Vice Chancellor for Human Resources, in consultation with the Chancellors, determines to be appropriate;

23.8.d. Performing other duties as assigned by the Commission or as necessary or expedient to maintain an effective classification and compensation system.

§133-55-24. Salary Structure.

24.1. The Commission and Council shall develop and maintain a market based salary structure and ensure that all organizations under its jurisdiction adhere to state and federal laws and duly promulgated and adopted organization rules.

24.2. The Commission and Council shall jointly use workforce compensation data provided by Workforce West Virginia and other compensation data as is readily available from national recognized sources to establish the appropriate external labor market. The Commission and Council, in consultation with the CPRC, and taking into consideration updated market information, may take any combination of the following actions in regard to the classified market salary structure:

24.2.a. Adjust the salary schedule midpoints and/or number of pay grades;

24.2.b. Adjust the midpoint differentials between pay grades to better reflect market conditions; or

24.2.c. Adjust the range spread for any pay grade.

24.3. The Commission, in consultation with the Council, may perform an annual review of market salary data to determine how salaries have changed in the external labor market. Based on supporting data derived from that review, the Commission and Council, with input from the CPRC, have the option to adjust the market salary structure to maintain competitiveness and currency with the market.

24.4. The approved market salary structure shall include a midpoint representing the median market value of jobs assigned to each pay grade. The schedule will contain a minimum and maximum salary range for each pay grade.

24.4.a. After July 1, 2019, no organization may compensate a classified employee at a salary rate of less than the minimum of the grade. Upon future annual schedule adjustments, the requirement to pay classified employees no less than minimum of the grade, is subject to available funds.

24.5. The salary of a classified employee working fewer than thirty-seven and one-half hours per week shall be prorated. The organization's salary rule may provide for differential pay for certain classified employees who work different shifts, weekends or holidays.

24.6. Merit increases may be granted if they are in accordance with statute and with duly promulgated rules of the Commission or institution.

§133-55-25. Organizational Rules.

25.1. Each institution shall amend any of its policies/rules to comply with the Commission's rule or rules no later than six months after the effective date of any change in statute or Commission rule or rules, unless a different compliance date is specified within the statute or rule containing the requirements or mandate.

25.2. An institution may not adopt a rule, as mandated by this subsection, until it has consulted with the appropriate employee classes affected by the institution's rule or rule's provisions. At a minimum, consultations with the institutional Classified Employees Council (staff council) and/or the institutional Faculty Senate (faculty senate), as appropriate, shall take place.

25.3. If an institution fails to adopt a rule or rules as mandated by this subsection, the Commission may prohibit it from exercising any flexibility or implementing any discretionary provision relating to human resources contained in statute or in a Commission rule until the organization's rule requirements have been met.

25.4. Unless a governing board exercises the flexibility to create its own classification and compensation program pursuant to Section 26 of this rule, the Chancellor or his or her designee has the

authority and the duty to review each institution's comprehensive classification and compensation rule or rules and to recommend changes to the rule or rules to bring them into compliance with Commission rule or rules or legislative and Commission intent. The Chancellor may reject or disapprove any rule or rules, in whole or in part, if he or she determines that it is not in compliance with any rule/rules or if it is inconsistent with Legislative and Commission intent or does not sufficiently address and include measures that foster meaningful accountability of the institution to this rule, its own rules and state law.

§133-55-26. Organizational Flexibility to Adopt Personnel Rules.

26.1. Organizations that provide notice to the Commission may, after consultation with staff council, file a rule or rules to implement provisions of West Virginia Code §18B-7 and §18B-8, and upon the adoption, any rules promulgated by the Commission under the same sections of state law are inapplicable to the organization.

26.2. Any organization that provides notice to the Commission may establish a classification and compensation rule, after consultation with and providing thirty (30) days written notice to the staff council, that incorporates best human resources practices and addresses the areas of organizational accountability, employee classification and compensation, performance evaluation, reductions in force, and development of organizational policies, and upon the adoption the provisions of West Virginia Code §18B-9A and any rule promulgated by the Commission thereto, is inapplicable to the extent it conflicts with the rule promulgated by the organization. Provided, that any rule adopted by an organization shall use the definitions of classified and nonclassified employees established in state law. The rule shall provide for an external review of human resources practices at the organization at least once every five years, relating to compliance with the West Virginia higher education personnel law, including provisions that staff council have an opportunity to speak with the external auditor before the start of the audit and after its completion.

27.1.a. When a major deficiency is identified, the Commission shall notify the governing board of the institution in writing within forty working days, giving particulars of the deficiency and outlining steps the governing board is required to take to correct the deficiency.

27.1.b. The governing board shall correct the major deficiency within four months and shall notify the Commission when the deficiency has been corrected; however, extensions of this time frame may be requested and granted by the Commission.

27.2. If the governing board fails to correct the major deficiency or fails to notify the Commission that the deficiency has been corrected within a period of four months from the time the governing board receives notification, the Commission may apply sanctions as specified:

27.2.a. Sanctions may include, but are not limited to, suspending new hiring by the organization and prohibiting compensation increases for key administrators who have authority over the areas of major deficiency until the identified deficiencies are corrected.

Job Documentation Classification and Compensation.

Definitions in this section are applicable to job documentation, classification and compensation management.

It measures the ratio of an employee's actual salary (the numerator) to the midpoint of the applicable (the denominator) salary range. To calculate an individual's compa-ratio, divide the base salary by the midpoint of the assigned salary range (pay grade range). See also "salary range penetration".

Compensation. Earnings provided by an employer to an employee for services rendered.

Compensation Philosophy. The guiding principles that ensure that a compensation program supports an organization's culture.

Compression. The situation encountered when a new employee enters into the organization at or above the pay of someone who is currently in the same role in the organization. It can also exist when you have two jobs in the same job family with someone in the "lower" job earning more than the person in the "higher" job. There are some families in which this may make sense such as software development where a senior developer may appropriately earn more in base than a manager of the function.

Such a temporary reassignment shall normally be for no less than four (4) consecutive weeks, no more than twelve (12) consecutive months, and shall only occur when the responsibilities being undertaken by the employee are those of another position that is vacant.

JDXperts. Web based job information and description management software system provided as a shared service to institutions of the Commission and Council. JDXperts is the official depository of institutional job information used for job analysis, institution job description development, master classification specification development and identification of benchmark jobs. Benchmark jobs are used to build and maintain the market based salary structure administered by institutions as part of the higher education employee classification and compensation management program.

Job. The total collection of tasks, duties, and responsibilities assigned to one or more individuals whose work is of the same nature and level.

Job Analysis. A systematic process in which information is collected via a position information form relative to the nature of a specific job, providing documentation and knowledge needed for conducting a job evaluation.

institution, including the general nature and level of the work performed, a characteristic listing of duties and responsibilities, and the knowledge, skills and abilities necessary to perform the work. Best practices in human resources management support maintaining a current job description for all jobs in the organization, regardless of the employee category assigned to the position incumbent.

Job Family. A series of job titles in an occupational area or group.

Job Specification. See Master Classification Specification

Job Title. The label that uniquely identifies and generally describes a job. The same descriptive job title shall be given to a group of jobs, regardless of location in the organization, which are substantially the same in duties and responsibilities, and which require substantially the same knowledge, skills and abilities performed under similar working conditions.

Labor Market. The labor market for compensation is the geographic area, industry, organization size, or organization type from which an organization attracts employees. Market Value refers to how much a particular job would be worth for a specific talent market (industry, size, location, organization type) at a specific or target percentile.

Master Classification Specification/Job Specification. General descriptions of the collective type and kind of work performed by the majority of employees assigned the same job classification. Each master specification will contain a job title, nature of work performed, distinguishing characteristics of the job, and a general description of typical duties and responsibilities performed by positions assigned the title, regardless of the location of the position.

Mid-Point. Midpoint is the middle of a pay range; the midpoint typically aligns to the market value for the job. See “Range Midpoint”

Merit Increases. A discretionary salary increase given to an employee to reward demonstrated achievements in the performance of the duties and responsibilities of a position, as evaluated by criteria established by the organization.

Pay Grade. See Job Class/Pay Grade.

Pay Range or Pay Range Spread. Pay range is an expression of the pay for a position assigned to a pay grade in a salary structure that provides the minimum, midpoint and maximum levels of compensation. The range from minimum to maximum, expressed as a percentage, is the pay range spread. The range spread percentage is calculated by subtracting the minimum from the maximum and dividing by the minimum the multiplying by 100.

Position. A set of duties and responsibilities requiring employment of a single employee at a particular organization.

Position Description Form/Job Description Form (PDF/JDF). A tool used to collect a broad range of job information used in the creation and classification of a new or changed position. Range Midpoint. Midpoint is the middle of a pay range. The midpoint typically aligns to the market value for the job.

Range Penetration/Position in Range. An important compensation metric to consider in conjunction with a compa-ratio. Rather than just being a comparison to one piece of data (the midpoint), range penetration looks at a salary in relation to the whole pay range. Range Penetration is how far an employee has progressed through the pay range. Range penetration = $(\text{Salary} - \text{Range Minimum}) \div (\text{Range Maximum} - \text{Range Minimum})$ See the Salary Administration Guidelines for more information about range penetration.

Rehire. Rehire defines an employee who leaves the service of an institution and later applies for and accepts a position offer at the same institution.

Salary Structure/Pay Structure/Salary Schedule. A graphical structure consisting of a series of pay grades and range of pay available for each grade.
