INDEPENDENT AUDITORS' REPORT

Governing Board
Mountwest Community and Technical College
Huntington, West Virginia

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the business-type activities of Mountwest Community and Technical College (the College) (a component unit of the West Virginia Council for Community and Technical College Education) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the College, as of June 30, 2023, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Change in Accounting Principle

As discussed in Note 2 to the financial statements, effective July 1, 2022, the College adopted new accounting guidance for subscription-based information technology arrangements (SBITA). The guidance requires SBITA's to recognize a right-to-use SBITA asset and corresponding SBITA liability for all SBITA's with terms greater than twelve months. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4-15, the Schedule of Proportionate Share of Net Pension Liability and Contributions on page 51, and the Schedule of Proportionate Share of Net OPEB Liability and Contributions on page 52 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2023, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

The History of the College

Mountwest Community and Technical College (MCTC or the College) is one of West Virginia's nine community and technical colleges. The headcount enrollment is approximately 2,100 plus students. The College offers 40 Associate degrees and 20 Certificate programs in the areas of Allied Health and Life Sciences, Business and Information Technology, Liberal Arts and Human Services, and Occupational Development.

Marshall Community College was founded in 1975 as a separate college within Marshall University to better serve students by bringing together many of the two-year associate degree programs under one College. Classes began in the fall of 1975 with a wide range of programs. From the outset, Marshall Community College's mission has been to provide two-year associate degrees as well as provide continuing education and community service.

In 1991, Marshall Community College was renamed to Marshall Community and Technical College to better reflect the technical nature of many of the programs offered. On October 30, 2003, the College achieved accreditation as an independent institution by The Higher Learning Commission, a Commission of the North Central Association of Colleges and Schools; this accreditation was continued for five years in December of 2017.

Prior to Fiscal Year 2009, MCTC as a separately accredited institution, was an administratively-linked component to Marshall University; and as such, reflected as a component in the financial statements of Marshall University. However, with the passage of House Bill 3215 during the 2008 session of the West Virginia Legislature, the College became a free-standing and independent institution no longer administratively-linked to Marshall University effective July 1, 2008. Subsequently, on March 13, 2010, legislation (Senate Bill 499) was passed changing the College's name from Marshall Community and Technical College to Mountwest Community and Technical College. Then, during August of 2012, the College relocated from the Marshall University campus to its new campus located atop the hill overlooking the I-64 and US-152 interchange.

In conjunction with the passage of House Bill 3215, a twelve (12) member Board of Governors was established whose governance over the College became effective July 1, 2008. The powers and duties of the Board include, but are not limited to, the power to determine, control, supervise and manage the financial, business, and educational policies and affairs of the College.

Overview to the Financial Statements and Financial Analysis

There are three financial statements presented: the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows. The Governmental Accounting Standards Board (GASB) issues directives for presentation of college and university financial statements. This report format places emphasis on the overall economic resources of the College.

Statement of Net Position

A statement of net position is a point in time financial statement, a fiscal snapshot that presents the assets, liabilities, and net position of the College as of the end of the fiscal year. This Statement presents end-of-year data concerning assets (current and noncurrent), liabilities (current and noncurrent), and net position (assets minus liabilities). Current assets and liabilities are typically associated with resources or obligations that will be used within the fiscal year whereas noncurrent assets and liabilities are not typically used within the fiscal year. From the data presented, readers of a statement of net position are able to determine the assets available to continue the operations of the College. Additionally, the reader would be able to determine how much the College owes vendors, employees, lenders, and others. Overall, a statement of net position provides a representation of the College's net position (assets minus liabilities) and the availability of its assets for expenditure.

Net position is divided into three major categories. The first category, net investment in capital assets, provides the College's equity in or ownership of property, plant, and equipment. The second category is restricted net position, which is divided into two sub-categories, nonexpendable and expendable - nonexpendable restricted net position includes endowments; and, as such, the corpus of nonexpendable restricted resources is only available for investment purposes. The College does not have any nonexpendable restricted net position at June 30, 2023 or June 30, 2022. Expendable restricted net position is available for expenditure by the College but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of these resources. The third and last category is unrestricted net position. Unrestricted net position is available for general use by the College.

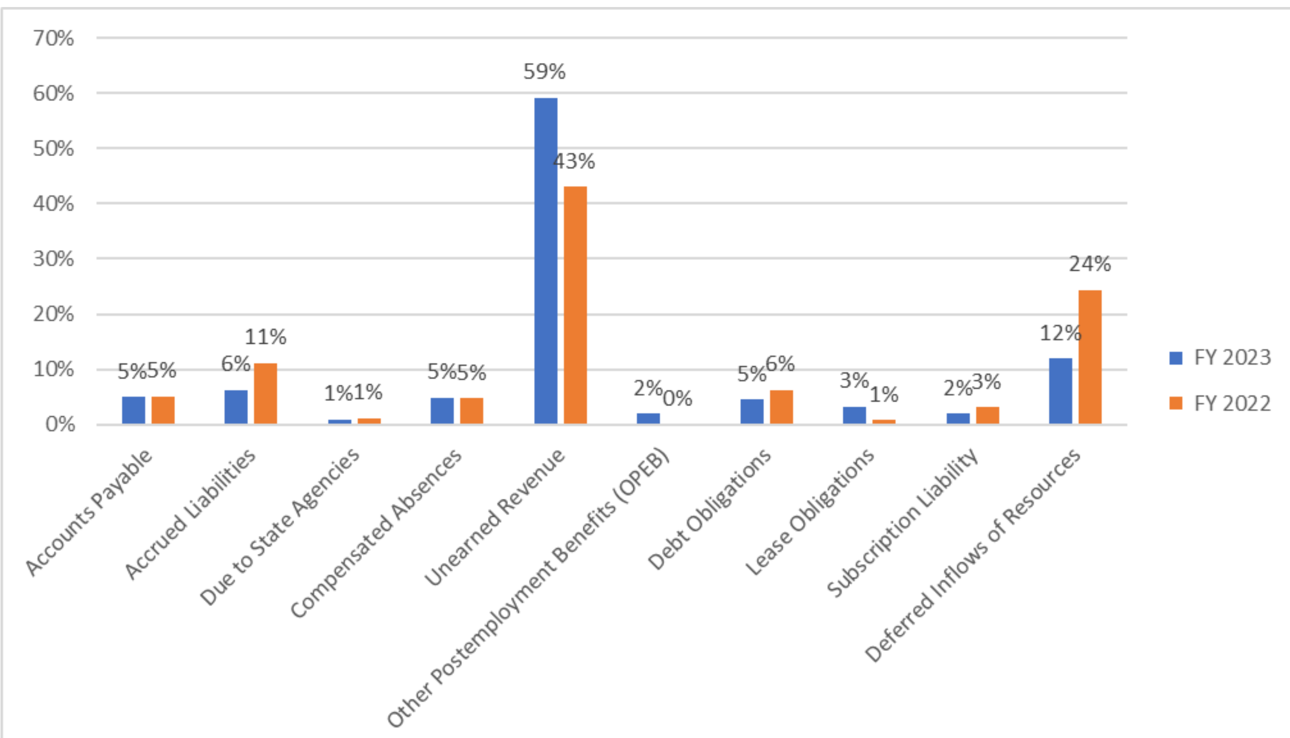
Total	$ 6,043,849	$ 5,411,973



Major Items of Note in the Statement of Net Position include:

- Total current assets of $18.2 million exceeded total current liabilities of $4.8 million as of June 30, 2023, for net working capital of $13.4 million as compared to net working capital of $12.1 million as of June 30, 2022.

  - The major components of current assets include cash and cash equivalents of $17.1 million and $14.9 million, and net accounts receivable of $1.0 million and $0.8 million as of June 30, 2023 and 2022, respectively. The majority of cash and cash equivalents can be attributed to interest earning assets invested through the office of the West Virginia State Treasurer.

  - The major components of current liabilities include accounts payable of $0.3 million and $0.3 million, unearned revenue of $3.6 million and $2.3 million, accrued liabilities of $0.4 million and $0.6 million, and compensated absences of $0.3 million and $0.3 million as of June 30, 2023 and 2022, respectively.

- Noncurrent assets total $20.9 million and $21.1 million and noncurrent liabilities total $0.5 million and $0.4 million as of June 30, 2023 and 2022, respectively.

  - Major components of noncurrent assets include capital assets of $20.8 million and $21.0 million as of June 30, 2023 and 2022, respectively. Refer to Note 5 to the Financial Statements for additional information regarding capital assets.

  - Major components of noncurrent liabilities include debt service obligations payable to the Commission of $0.2 million and $0.3 million, and other post-employment benefits (OPEB) liability of $0.1 million and $-0-, as of June 30, 2023 and 2022, respectively.

- The net position of the College totaled $33.3 million as of June 30, 2023 as compared to $31.6 million as of June 30, 2022.

  - Net position invested in capital assets total $20.2 million and $20.5 million as of June 30, 2023 and 2022, respectively.

  - Unrestricted net position totaled $13.1 million and $11.2 million as of June 30, 2023 and 2022, respectively; this represents the net position available to the College. Refer to Note 12 to the Financial Statements for additional information regarding the impact of other post-employment benefits (OPEB) liability on the unrestricted net position balance.

Statement of Revenues, Expenses, and Changes in Net Position

Changes in total net position as presented on the statement of net position are based on the activity presented in the statement of revenues, expenses, and changes in net position. The purpose of this statement is to present the revenues received by the College, both operating and nonoperating, and the expenses paid by the College, operating and nonoperating, and any other revenues, expenses, gains, and losses received or spent by the College.

Generally speaking, operating revenues are received, and operating expenses are expended for those items related to providing goods and services to the various customers and constituencies of the College, while carrying out its mission. Revenues received for which goods and services are not provided are reported as nonoperating revenues. For example, state appropriations are reported as nonoperating because they are provided by the Legislature to the College without the Legislature directly receiving commensurate goods and services for those revenues. Likewise, Federal Pell grants are reported as nonoperating because of specific guidance in the AICPA industry audit guide.

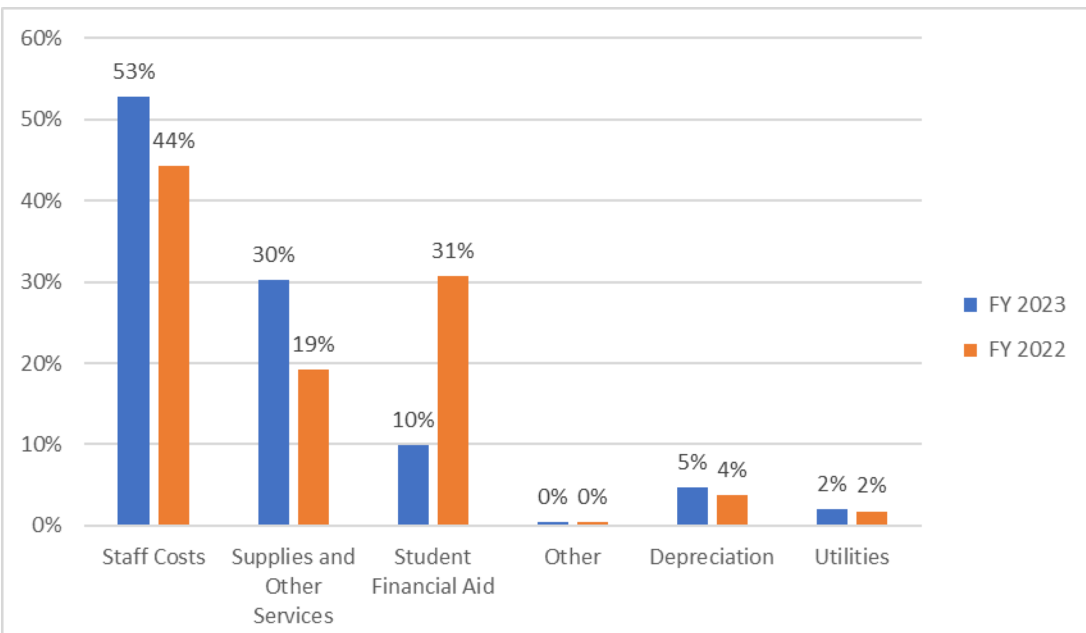
Total	$ 14,698,417	$ 16,788,433



Major Items of Note in the Statement of Revenues, Expenses, and Changes in Net Position include:

- Operating Revenues of the College totaled $5.6 million for FY 2023 compared to $5.6 million in FY 2022.

  - Net student tuition and fees revenues totaled $2.1 million in FY 2023 compared to $2.9 million in FY 2022. Tuition is reported net of scholarship allowance which totaled $3.2 million and $2.8 million in FY 2023 and 2022, respectively. Gross student tuition and fees totaled $5.3 million in FY 2023 compared to $5.7 million in FY 2022.
  - Federal grants and contracts totaled $0.2 million in FY 2023 compared to $0.2 million in FY 2022.
  - State grants and contracts totaled $2.8 million in FY 2023 compared to $2.1 million in FY 2022. Such fluctuations represent normal grant activity.
  - Other operating revenues totaled $0.4 million in FY 2023 and $0.3 million in FY 2022.

- Operating expenses totaled $14.7 million in FY 2023 compared to $16.8 million in FY 2022, a decrease of $2.1 million.

  - Personnel costs including salaries and benefits totaled $7.7 million in FY 2023 and $7.4 million in FY 2022, an increase of $0.3 million.
  - Supplies and other services totaled $4.4 million in FY 2023 compared to $3.2 million in FY 2022, an increase of $1.2 million.
  - Student Financial Aid totaled $1.4 million in FY 2023 compared to $5.2 million in FY 2022. A decrease of $3.8 million. FY22 included emergency financial assistance grants from HEERF funding.
  - Depreciation and amortization totaled $0.7 million in FY 2023 and $0.6 in FY 2022.

- The result from operations was a net operating loss of $9.1 million and $11.2 million for the years ended June 30, 2023 and 2022, respectively. However, this does not include State appropriations or Federal Pell Grant revenue which are recorded as nonoperating revenues. State appropriations for FY 2023 and FY 2022 were $6.7 million and $6.4 million, respectively. Federal Pell grant revenue for FY 2023 and FY 2022 was $2.7 million and $3.0 million, respectively; and reported as nonoperating due to specific guidance found in the AICPA industry audit guide.

- Net nonoperating revenue totaled $10.8 million and $13.0 million for the years ended June 30, 2023 and 2022, respectively.

- The WV Community & Technical College System made capital payments on behalf of the College of $-0- and $4,602 in FY23 and FY22, respectively. Refer to Note 9 to the financial statements for additional information regarding capital payments.

- Other payments made on behalf of the College were $126,741 in FY23 and $31,958 in FY22. Payments on behalf of the College in FY23 and FY22 were related to the special funding situation for OPEB.

- The activities for FY23 resulted in an increase in net position of $1.7 million compared to $1.9 million in FY22.

Statement of Cash Flows

The final statement presented by the College is the statement of cash flows. The statement of cash flows presents detailed information about the cash activity of the College during the year. The statement is divided into five sections. The first section deals with operating cash flows; this section shows the net cash used by the operating activities of the College. The second section reflects cash flows from noncapital financing activities; this section reflects the cash received and spent for nonoperating, noninvesting, and noncapital financing purposes. The third section deals with cash flows from capital and related financing activities; this section deals with the cash used for the acquisition and construction of capital and related items. The fourth section reflects the cash flows from investing activities; this section shows the purchases, proceeds, and interest received from investing activities. Last, the fifth section reconciles the net cash used to the operating income or loss reflected on the statement of revenues, expenses, and changes in net position.

Condensed Schedules of Cash Flows
(In Thousands)

	2023	2022	2021
Cash Flows Provided (Used) by:			
Operating Activities	$ (8,053)	$ (10,501)	$ (11,252)
Noncapital Financing Activities	10,352	13,050	12,714
Capital and Related Financing Activities	(582)	(1,233)	(608)

Cash - Beginning of Year	14,925	13,590	12,716
Cash - End of Year	$ 17,117	$ 14,925	$ 13,590

Major Items of Note in the Statement of Cash Flows include:

- Cash provided from operating activities was exceeded by cash expended for operating activities for a net of $8.0 million and $10.5 million for the years ended June 30, 2023 and 2022, primarily due to the guidance by GAAP that State appropriations and Federal Pell grant revenues are to be recorded as noncapital financing activities. Primary sources of cash from operating activities during FY 2023 and 2022 were cash collections for net student tuition and fees of $3.1 million and $4.0 million and contracts and grants of $3.0 million and $2.3 million for FY 2023 and 2022, respectively. Primary use of cash for FY 2023 and 2022, respectively, included payments to and on behalf of employees of $8.3 million and $8.3 million, payments to suppliers of $4.5 million and $3.3 million, and payments for scholarships and fellowships of $1.4 million and $5.2 million.

- Net cash provided from noncapital financing activities for FY 2023 and FY 2022, respectively, totaled $10.4 million and $13.0 million; whereas, for FY 2023 and FY 2022, respectively, $2.7 million and $3.0 million were from revenues collected from Federal Pell grants.

- Net cash used in capital financing activities totaled $0.6 million and $1.2 million for FY 2023 and FY 2022, respectively; primarily resulting from payments on principal and interest on debt and purchases of capital assets.

- Net cash of the College at June 30, 2023, was $17.1 million compared to $14.9 million at June 30, 2022, which represents an increase of $2.2 million.

Capital Asset and Long-Term Debt Activity

On May 20, 2010, the College purchased 28 acres of land and a 115,000 square foot facility which was purchased for $7.7 million as part of the $13.5 million bond proceeds awarded from the $78.3 million Higher Education Policy Commission on behalf of the West Virginia Council for Community and Technical College bond issue; During FY 2011 and FY 2012, the property was renovated, and has become a state-of-the-art campus for the College. The College occupied the new campus in August of 2012.

Economic Outlook

Mountwest, as well as community colleges across the nation, were facing downward enrollment trends for several years before the pandemic due to the strong economy and lower college matriculation rates. The pandemic multiplied our enrollment issues by placing conflicting demands on students who worked overtime as parents, homeschool teachers, or as their children's remote learning tech support. In addition, many childcare centers across the area closed or reduced their capacity. While childcare was an issue, the emotional and logistical barriers of going to school in a pandemic lead to hesitancy of attending college. Data shows self-doubt is among the biggest hurdles standing between students and pursuing additional education. That barrier, along with the isolation of the pandemic, navigating remote learning, and missing face-to-face interactions with faculty have led to many to write off college for the time being.

Despite the many challenges facing Mountwest and community colleges across the nation, the outlook for us looks promising. Mountwest has a substantial role to play in supporting a more equitable recovery from the pandemic. Mountwest has started its "Jump Start" program in the local high schools, allowing students who normally would never attend college the ability to earn college credit before graduating. This program will certainly lead to increased matriculation rates of high school graduates. There is also substantial room for growth in the health and technology fields. Mountwest has consistently had strong programs in allied health and information technology and our future plans will expand these programs to meet the needs of our local employers. Finally, there are a myriad of opportunities in noncredit workforce training. Mountwest has already made investment in these areas and will continue to do so to meet the needs of our community.

The future risks for Mountwest will come from support from the state and federal government. Pressures on state tax revenues could lead to decreased State support. This would be highly detrimental to Mountwest as a decrease in state support will lead to increased tuition for students. The cost of college is already a significant barrier to many potential students. The discussions of making community college free for all are promising, but face significant challenges before coming to fruition. While awaiting on these developments, Mountwest will continue to expand our offerings to meet the needs of our community while maintaining our cost effectiveness.

NOTE 1 ORGANIZATION

Mountwest Community and Technical College (the College or MCTC) is governed by the Mountwest Community and Technical College Board of Governors (the Board). The Board was established by House Bill 3215.

Powers and duties of the Board include, but are not limited to, the power to determine, control, supervise, and manage the financial, business, and educational policies and affairs of the College under its jurisdiction, the duty to develop a master plan for the College, the power to prescribe the specific functions and College's budget request, the duty to review, at least every five years, all academic programs offered at the College, and the power to fix tuition and other fees for the different classes or categories of students enrolled at the College. Senate Bill 448 gives the West Virginia Council for Community and Technical College Education (the Council) the responsibility of developing, overseeing, and advancing the State of West Virginia (the State) public policy agenda as it relates to community and technical college education.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the College have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) as prescribed by Governmental Accounting Standards Board standards (GASB). The financial statement presentation required by GASB provides a comprehensive, entity-wide perspective of the College's assets, liabilities, net position, revenues, expenses, changes in net position, and cash flows.

Newly Adopted Statements Issued by the Governmental Accounting Standards Board (GASB)

The GASB has also issued Statement No. 91, *Conduit Debt Obligations*, which is effective for fiscal years beginning after December 15, 2021, as postponed by implementation of GASB No. 95. Statement No. 91 provides a single method for reporting conduit debt obligations and eliminate diversity in practice by clarifying the existing definition of a conduit debt obligation, establishing that a conduit debt obligation is not a liability of the issuer, establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations and improving required note disclosures.

The GASB has also issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, which is effective for fiscal years beginning after June 15, 2022. Statement No. 94's objective is to improve financial reporting by addressing issues related to public-private or public-public partnerships.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Newly Adopted Statements Issued by the Governmental Accounting Standards Board (GASB) (Continued)

The GASB has also issued Statement No. 96, *Subscription-Based Information Technology Arrangements,* which is effective for fiscal years beginning after June 15, 2022. Statement No. 96 provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITA) for government end users. The statement establishes that a SBITA results in a right-to-use subscription asset (an intangible asset) and a corresponding subscription liability; provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and requires note disclosures regarding a SBITA. The College adopted the requirements of the guidance effective July 1, 2022 and has applied the provisions of this standard to the beginning of the earliest comparative period presented. Therefore, the year ending June 30, 2022 was restated to reflect the SBITA asset and SBITA liability on the statement of net position. On the statement of revenues, expenses, and changes in net position, the software, contractual and computer service expenses for SBITA's in effect at July 1, 2021 were reclassified to reduce the liability and record interest and amortization expense. The restatement due to implementation of this standard resulted in no change in beginning net position as of July 1, 2021 and an increase in ending net position of $24,852 as of June 30, 2022.

The GASB has also issued Statement No. 99, *Omnibus 2022*, which has various effective dates. The requirements related to Statement 34 and Statement 63 are effective upon issuance. The requirements related to leases, PPP, and SBITAs are effective for fiscal years beginning after June 15, 2022. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning June 15, 2023. Statement No. 99's primary objectives are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues/terminology that have been identified during implementation and application of GASB Statements No. 34, 53, 63, 87, 94, 96; and the accounting and financial reporting for financial guarantees. Statement No. 99 also addresses the extension of the period during which LIBOR is considered an appropriate benchmark, accounting for SNAP benefits, disclosures related to nonmonetary exchanges, and pledges of future revenues when resources are not received by the pledging government.

Recent Statements Issued by the Governmental Accounting Standards Board (GASB)

The GASB has also issued Statement No. 100, *Accounting Changes and Error Corrections – An Amendment of GASB Statement No. 62*, which is effective for fiscal years beginning after June 15, 2023. The primary objective of Statement No. 100 is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The College has not yet determined the effect that the adoption of GASB Statement No. 100 may have on its financial statements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Statements Issued by the Governmental Accounting Standards Board (GASB) (Continued)

The GASB has also issued Statement No. 101, *Compensated Absences*, which is effective for fiscal years beginning after December 15, 2023. The objective of Statement No. 101 is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The College has not yet determined the effect that the adoption of GASB Statement No. 101 may have on its financial statements.

Reporting Entity

The College is a blended component unit of the West Virginia Council for Community and Technical College Education and represents separate funds of the State that are not included in the State's general fund. The College is a separate entity that, along with all State institutions of higher education, the Council, and the West Virginia Higher Education Policy Commission (the Commission, which includes West Virginia Network for Educational Telecomputing (WVNET)), form the Higher Education Fund of the State. The Higher Education Fund is considered a component unit of the State, and its financial statements are discretely presented in the State's annual comprehensive financial report.

The accompanying financial statements present all funds under the authority of the College. The basic criterion for inclusion in the accompanying financial statements is the exercise of oversight responsibility derived from the College's ability to significantly influence operations and accountability for fiscal matters of related entities.

Financial Statement Presentation

GASB establishes standards for external financial reporting for public colleges and universities and requires that financial statements be presented on a combined basis to focus on the College as a whole. Net positions are classified into four categories according to external donor restrictions or availability of assets for satisfaction of College obligations. The College's components of net positions are classified as follows:

Net Investment in Capital Assets – This represents the College's total investment in capital assets, net of accumulated depreciation, and outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted – Expendable – This includes resources for which the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Statement Presentation (Continued)

Restricted – Nonexpendable – This includes endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal. The College did not have any restricted nonexpendable components of net position at June 30, 2023 and 2022.

Unrestricted – Unrestricted components of net position represent resources derived from student tuition and fees, state appropriations, and sales and services of educational activities. These resources are used for transactions relating to the educational and general operations of the College, and may be used at the discretion of the Board to meet current expenses for any purpose.

Basis of Accounting

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been prepared on the accrual basis of accounting with a focus on the flow of economic resources measurement. Revenues are reported when earned and expenses when materials or services are received.

Cash and Cash Equivalents

For purposes of the statements of net position, the College considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Cash and cash equivalents balances on deposit with the State of West Virginia Treasurer's Office (the State Treasurer) are pooled by the State Treasurer with other available funds of the State for investment purposes by the West Virginia Board of Treasury Investments (BTI). These funds are transferred to the BTI, and the BTI is directed by the State Treasurer to invest the funds in specific external investment pools in accordance with West Virginia Code, policies set by the BTI, provisions of bond indentures, and the trust agreements when applicable. Balances in the investment pools are recorded at fair value or amortized cost, which approximates fair value. Fair value is determined by a third-party pricing service based on asset portfolio pricing models and other sources in accordance with GASB. The BTI was established by the State Legislature and is subject to oversight by the State Legislature. Fair value and investment income are allocated to participants in the pools based upon the funds that have been invested. The amounts on deposit are available for immediate withdrawal or on the first day of each month for the WV Short-Term Bond Pool and, accordingly, are presented as cash and cash equivalents in the accompanying financial statements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents (Continued)

The BTI maintains the Consolidated Fund investment fund, which consists of eight investment pools and participant-directed accounts, three of which the Commission may invest in. These pools have been structured as multi-participant variable net asset funds to reduce risk and offer investment liquidity diversification to the fund participants. Funds not required to meet immediate disbursement needs are invested for longer periods. A more detailed discussion of the BTI's investment operations pool can be found in its annual report. A copy of that annual report can be obtained from the following address: 1900 Kanawha Blvd. East, Room E-122, Charleston, WV 25305 or http://www.wvbti.com.

Noncurrent Cash, Cash Equivalents, and Investments

Cash, cash equivalents, and investments that are (1) externally restricted to make debt service payments and long-term loans to students, or to maintain sinking or reserve funds, (2) to purchase capital or other noncurrent assets or settle long-term liabilities, or (3) permanently restricted net position are classified as noncurrent assets in the accompanying statements of net position.

Appropriations Due from Primary Government

For financial reporting purposes, appropriations due from the State are presented separate from cash and cash equivalents, as amounts are not specific deposits with the State Treasurer, but are obligations of the State.

Allowance for Doubtful Accounts

It is the College's policy to provide for future losses on uncollectible accounts, contracts, grants, and loans receivable based on an evaluation of the underlying account, contract, grant, and loan balances, the historical collectability experienced by the College on such balances and such other factors which, in the College's judgment, require consideration in estimating doubtful accounts.

Capital Assets

Capital assets include land, land improvements, leasehold improvements, equipment, buildings, and improvements. Capital assets are stated at cost at the date of acquisition or construction, or fair market value at the date of donation in the case of gifts. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 3 to 10 years for furniture and equipment, 15 years for land improvements, and 50 years for buildings and improvements. Leasehold improvements are amortized over the period of the lease. The financial statements reflect all adjustments required by GASB.

Leased Assets

Leased assets include office space and equipment under long-term, noncancelable lease agreements. Leased assets are stated at the total amount of lease payments over the term of the lease. Amortization is computed using the straight-line method over the term of the lease.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subscription-Based Information Technology Arrangements (SBITA) Assets

SBITA assets are initially measured as the sum of the present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, when applicable, and capitalizable implementation costs, less any SBITA vendor incentives received from the SBITA vendor at the commencement of the SBITA term. SBITA assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets.

Unearned Revenue

Revenues for programs or activities to be conducted primarily in the next fiscal year are classified as unearned revenue. Financial aid and other deposits are separately classified as deposits.

Compensated Absences and Other Postemployment Benefits (OPEB)

GASB provides standards for the measurement, recognition, and display of OPEB expenditures, assets, and liabilities, including applicable note disclosures and required supplementary information. During fiscal year 2006, House Bill No. 4654 was established to create a trust fund for postemployment benefits for the State. The College is required to participate in this multiemployer, cost-sharing plan, the West Virginia Retiree Health Benefit Trust Fund, sponsored by the State. Details regarding this plan and its stand-alone financial statements can be obtained by contacting the West Virginia Public Employees Insurance Agency (PEIA), 601 57th St., SE, Suite 2, Charleston, WV 25304-2345 or http://www.peia.wv.gov.

GASB requires entities to accrue for employees' rights to receive compensation for vacation leave or payments in lieu of accrued vacation or sick leave as such benefits are earned and payment becomes probable. The College's full-time employees earn up to two vacation leave days for each month of service and are entitled to compensation for accumulated, unpaid vacation leave upon termination. Full-time employees also earn 1-1/2 sick leave days for each month of service and are entitled to extend their health or life insurance coverage upon retirement in lieu of accumulated, unpaid sick leave. Generally, two days of accrued sick leave extend health insurance for one month of single coverage, and three days extend health insurance for one month of family coverage.

For employees hired after 1988, or who were hired before 1988 but did not choose such coverage until after 1988 but before July 1, 2001, the employee shares in the cost of the extended benefit coverage to the extent of 50% of the premium required for the extended coverage. Employees hired July 1, 2001, or later will no longer receive sick leave credit toward insurance premiums when they retire. Additionally, all retirees have the option to purchase continued coverage regardless of their eligibility for premium credits. This liability is now provided for under the multiemployer, cost-sharing plan sponsored by the State.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences and Other Postemployment Benefits (OPEB) (Continued)

Certain faculty employees (generally those with less than a 12-month contract) earn a similar extended health or life insurance coverage retirement benefit based on years of service. Generally, 3-1/3 years of teaching service extend health insurance for one year of single coverage and five years extend health insurance for one year of family coverage. Faculty hired after July 1, 2009, will no longer receive years of service credit toward insurance premiums when they retire. Employees hired after July 1, 2010, receive no health insurance premium subsidy from the College. Two groups of employees hired after July 1, 2010, will not be required to pay the unsubsidized rate: 1) active employees who were originally hired before July 1, 2010, who have a break in service of fewer than two years after July 1, 2010; and 2) retired employees who retired before July 1, 2010, return to active service after July 1, 2010, and then go back into retirement. In those cases, the original hire date will apply.

The estimated expense and expense incurred for compensated absences or OPEB benefits are recorded as a component of benefits expense on the statements of revenues, expenses, and changes in net position.

Deferred Outflows of Resources

Consumption of net assets by the College that is applicable to a future fiscal year is reported as a deferred outflow of resources on the statements of net position. As of June 30, 2023 and 2022, the College had deferred outflows related to OPEB of $220,097 and $209,626, respectively.

Deferred Inflows of Resources

Acquisition of net assets by the College that is applicable to a future fiscal year is reported as a deferred inflow of resources on the statements of net position. As of June 30, 2023 and 2022, the College had deferred inflows, related to leases of $153,200 and $15,140, and related to OPEB of $574,698 and $1,304,224, respectively.

Risk Management

The State's Board of Risk and insurance Management (BRIM) provides general, property and casualty, and liability coverage to the College and its employees. Such coverage may be provided to the College by BRIM through self-insurance programs maintained by BRIM or policies underwritten by BRIM that may involve experience-related premiums or adjustments to BRIM.

BRIM engages an independent actuary to assist in the determination of its premiums so as to minimize the likelihood of premium adjustments to the College or other participants in BRIM's insurance programs. As a result, management does not expect significant differences between the premiums the College is currently charged by BRIM and the ultimate cost of that insurance based on the College's actual loss experience. In the event such differences arise between estimated premiums currently charged by BRIM to the College and the College's ultimate actual loss experience, the difference will be recorded as the change in estimate becomes known.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risk Management (Continued)

In addition, through its participation in PEIA and third-party insurers, the College has obtained health, life, prescription drug coverage, and coverage for job-related injuries for its employees. In exchange for payment of premiums to PEIA and the third-party insurers, the College has transferred its risks related to health, life, prescription drug coverage, and job-related injuries.

Classification of Revenues

The College has classified its revenues according to the following criteria:

Operating Revenues

Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, (3) most federal, state, local, and nongovernmental grants and contracts, and (4) sales and services of educational activities.

Nonoperating Revenues

Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenues that are defined as nonoperating revenues by GASB, such as state appropriations, federal Pell grants, federal Higher Education Emergency Relief Funds (HEERF), investment income, and sale of capital assets (including natural resources).

Other Revenues

Other revenues consist primarily of capital gains and gifts.

Use of Restricted Components of Net Position

The College has not adopted a formal policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available. Generally, the College attempts to utilize restricted resources first when practicable.

Federal Financial Assistance Programs

The College makes loans to students under the Federal Direct Student Loan Program. Under this program, the U.S. Department of Education makes interest subsidized and nonsubsidized loans directly to students, through institutions such as the College. Direct student loan receivables are not included in the College's statements of net position as the loans are repayable directly to the U.S. Department of Education. In 2023 and 2022, the College received and disbursed $1,545,523 and $1,257,004, respectively, under the Federal Direct Student Loan Program on behalf of the U.S. Department of Education, which is not included as revenue and expense on the statements of revenues, expenses, and changes in net position.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Federal Financial Assistance Programs (Continued)

The College also distributes other student financial assistance funds on behalf of the federal government to students under the federal Pell Grant, Supplemental Educational Opportunity Grant, and College Work Study programs. The activity of these programs is recorded in the accompanying financial statements. In 2023 and 2022, the College received and disbursed approximately $2,994,000 and $3,249,000, respectively, under these federal student aid programs.

Scholarship Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported Net of Scholarship Allowances in the statements of revenues, expenses, and changes in net position. Scholarship allowances are the difference between the stated charge for goods and services provided by the College, and the amount that is paid by students and/or third parties making payments on the student's behalf.

Financial aid to students is reported in the financial statements under the alternative method as prescribed by the National Association of College and University Business Officers. Certain aid, such as loans, funds provided to students as awarded by third parties and Federal Direct Lending is accounted for as a third-party payment (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses, or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed on a college basis by allocating the cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third-party aid.

Government Grants and Contracts

Government grants and contracts normally provide for the recovery of direct and indirect costs, subject to audit. The College recognizes revenue associated with direct costs as the related costs are incurred. Recovery of related indirect costs is generally recorded at fixed rates negotiated for a period of one to five years.

Income Taxes

The College is exempt from income taxes, except for unrelated business income, as a nonprofit organization under federal income tax laws and regulations of the Internal Revenue Service.

Service Concession Arrangements

The College has Service Concession Arrangements (SCAs) for the operation of their bookstore. Renovations made to College facilities by service concession vendors are capitalized and revenues are deferred and accreted over the life of the contract.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 CASH AND CASH EQUIVALENTS

The composition of cash and cash equivalents was held as follows:

	June 30, 2023		
	Current	Noncurrent	Total
State Treasurer	$16,891,752	$ -	$ 16,891,752
In Bank	224,590	-	224,590
On Hand	1,350	-	1,350
Total	$ 17,117,692	$ -	$ 17,117,692

	June 30, 2022		
	Current	Noncurrent	Total
State Treasurer	$ 14,499,547	$ -	$ 14,499,547
In Bank	424,449	-	424,449
On Hand	1,350	-	1,350
Total	$ 14,925,346	$ -	$ 14,925,346

The carrying amount of cash in bank at June 30, 2023 and 2022, equaled the combined bank balance of $224,590 and $424,449, respectively. The bank balances were covered by federal depository insurance as noted below or were collateralized by securities held by the State's agent. Regarding federal depository insurance, bank accounts are insured by the Federal Deposit Insurance Corporation up to $250,000.

Amounts with the State Treasurer as of June 30, 2023 and 2022, are comprised of two investment pools, the WV Money Market Pool and the WV Short-Term Bond Pool.

NOTE 3 CASH AND CASH EQUIVALENTS (CONTINUED)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The following table provides information on the Standard & Poor's rating of the investment pools as of June 30:

	2023		2022	
External Pool	Carrying Value (In Thousands)	S&P Rating	Carrying Value (In Thousands)	S&P Rating
WV Money Market Pool	$ 14,197	AAAm	$ 10,119	AAAm
WV Short-Term Bond Pool	329	Not Rated	240	Not Rated

A Fund rated "AAAm" has extremely strong capacity to maintain principal stability and to limit exposure to principal losses due to credit, market, and/or liquidity risks. "AAAm" is the highest principal stability fund rating assigned by Standard & Poor's.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. All the amounts with the State Treasurer are subject to interest rate risk. The following table provides information on the weighted-average maturities for the WV Money Market Pool:

	2023		2022	
External Pool	Carrying Value (In Thousands)	WAM (Days)	Carrying Value (In Thousands)	WAM (Days)
WV Money Market Pool	$ 14,197	29	$ 10,119	21

The following table provides information on the effective duration for the WV Short-Term Bond Pool:

	2023		2022	
External Pool	Carrying Value (In Thousands)	Effective Duration (Days)	Carrying Value (In Thousands)	Effective Duration (Days)
WV Short-Term Bond Pool	$ 329	609	$ 240	584

Other Investment Risks

Other investment risks include concentration of credit risk, custodial credit risk, and foreign currency risk. None of the BTI's Consolidated Fund's investment pools or accounts is exposed to these risks as described below:

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the College will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party.

NOTE 3 CASH AND CASH EQUIVALENTS (CONTINUED)

Other Investment Risks (Continued)

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The College's investment policy limits investment maturities from potential fair value losses due to increasing interest rates. No more than 5% of the money market fund's total market value may be invested in the obligations of a single issuer, with the exception of the U.S. government and its agencies.

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The College has no securities with foreign currency risk.

NOTE 4 ACCOUNTS RECEIVABLE

Accounts receivable as of June 30, are as follows:

	2023	2022

Plan Description

The West Virginia Other Postemployment Benefit (OPEB) Plan (the Plan) is a cost-sharing, multiemployer, defined benefit other postemployment benefit plan and covers the retirees of State agencies, colleges and universities, county boards of education, and other government entities as set forth in the West Virginia Code. Financial activities of the Plan are accounted for in the West Virginia Retiree Health Benefit Trust Fund (RHBT), a fiduciary fund of the State established July 1, 2006, as an irrevocable trust. The Plan is administered by a combination of the West Virginia Public Employees Insurance Agency (PEIA) and the RHBT staff. Plan benefits are established and revised by PEIA and the RHBT management with the approval of the PEIA Finance Board. The Plan provides medical and prescription drug insurance, as well as life insurance, benefits to certain retirees of State agencies, colleges and universities, county boards of education, and other government entities who receive pension benefits under the PERS, STRS, TDCRS, TIAA, Plan G, Troopers Plan A, or Troopers Plan B pension systems, as administered by the West Virginia Consolidated Public Retirement Board (CPRB). The Plan is closed to new entrants.

The Plan's fiduciary net position has been determined on the same basis used by the Plan. The RHBT is accounted for as a fiduciary fund, and its financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting in conformity with U.S. GAAP for fiduciary funds as prescribed or permitted by the GASB. The primary sources of revenue are Plan members and employer contributions. Members' contributions are recognized in the period in which the contributions are due. Employer contributions and related receivables to the trust are recognized pursuant to a formal commitment from the employer or statutory or contractual requirement, when there is a reasonable expectation of collection. Benefits and refunds are recognized when due and payable.

RHBT is considered a component unit of the State of West Virginia for financial reporting purposes, and, as such, its financial report is also included in the State of West Virginia's Comprehensive Annual Financial Report. RHBT issues publicly available financial statements and required supplementary information for the OPEB plan. Details regarding this Plan and a copy of the RHBT financial report may be obtained by contacting PEIA at 601 57th Street SE, Suite 2, Charleston, West Virginia 25304-2345, or by calling (888) 680-7342.

Benefits Provided

The Plan provides the following benefits:

- Medical and Prescription Drug Insurance
- Life Insurance

The medical and prescription drug insurance is provided through two options:

- Self-Insured Preferred Provider Benefit Plan – primarily for non-Medicare-eligible retirees and spouses.
- External Managed Care Organizations – primarily for Medicare-eligible retirees and spouses.

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

Contributions

Employer contributions from the RHBT billing system represent what the employer was billed during the respective year for its portion of the pay-as-you-go (paygo) premiums, retiree leave conversion billings, and other matters, including billing adjustments.

Paygo premiums are established by the PEIA Finance Board annually. All participating employers are required by statute to contribute this premium to the RHBT at the established rate for every active policyholder per month. The paygo rates related to the measurement date of June 30, 2022 and 2021, were:

	2023	2022
Paygo Premium	$ 48	$ 160

Members retired before July 1, 1997, pay retiree healthcare contributions at the highest sponsor subsidized rate, regardless of their actual years of service. Members retired after July 1, 1997, or hired before June 30, 2010, pay a subsidized rate depending on the member's years of service. Members hired on or after July 1, 2010, pay retiree healthcare contributions with no sponsor provided implicit or explicit subsidy.

Retiree leave conversion contributions from the employer depend on the retiree's date of hire and years of service at retirement as described below:

- Members hired before July 1, 1988, may convert accrued sick or annual leave days into 100% of the required retiree healthcare contribution.
- Members hired from July 1, 1988 to June 30, 2001, may convert accrued sick or annual leave days into 50% of the required retiree healthcare contribution.

The conversion rate is two days of unused sick and annual leave days per month for single healthcare coverage and three days of unused sick and annual leave days per month for family healthcare coverage.

The College's contributions to the OPEB plan for the years ended June 30, 2023, 2022, and 2021, were $94,904, $121,377, and $214,090, respectively.

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

Assumptions

The June 30, 2023, total OPEB liability for financial reporting purposes was determined by an actuarial valuation as of June 30, 2022, which is the measurement date. The following actuarial assumptions were used and applied to all periods included in the measurement, unless otherwise specified:

Inflation Rate	2.25%
Salary Increase	Specific to the OPEB covered group. Ranging from 2.75% to 5.18%, including inflation.
Investment Rate of Return	6.65%, net of OPEB plan investment expense, including inflation.
Healthcare Cost Trend Rates	Trend rate for pre-Medicare per capita costs of 7.0% for plan year-end 2022, 6.50% for plan year end 2023, decreasing by 0.25% each year thereafter, until ultimate trend rate of 4.25% is reached in plan year-end 2032. Trend rate for Medicare per capita costs of 31.11% for plan year-end 2022, 9.15% for plan year-end 2023, 8.40% for plan year-end 2024, decreasing gradually each year thereafter, until ultimate trend rate of 4.25% is reached in plan year-end 2036.
Actuarial Cost Method	Entry Age Normal Cost Method
Amortization Method	Level Percentage of Payroll over a 20-year closed period beginning June 30, 2017.
Wage Inflation	2.75%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the June 30, 2020 actuarial valuation.
Aging Factors	Based on the 2013 SOA Study "Healthcare Costs - From Birth to Death".
Expenses	Health administrative expenses are included in the development of the per capita claims cost. Operating expenses are included as a component of the annual expense.
Mortality Post-Retirement	Pub-2010 General Healthy Retiree Mortality Tables projected with MP-2019 and scaling factors of 100% for males and 108% for females.
Mortality Pre-Retirement	Pub-2010 General Employee Mortality Tables projected with MP-2019.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2015 - June 30, 2020.

There were no assumption changes from the actuarial valuation as of June 30, 2021, measured at June 30, 2021 to a roll-forward measurement date of June 30, 2022.

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

Assumptions (Continued)

General Price Inflation	Decrease price inflation rate from 2.75% to 2.25%.
Discount Rate	Decrease discount rate from 7.15% to 6.65%.
Wage Inflation	Decrease wage inflation rate from 4.00% to 2.75%.
OPEB Retirement	Develop explicit retirement rates for members who are eligible to retire with healthcare benefits and elect healthcare coverage.
Waived Annuitant Termination	Develop explicit waived termination rates for members who are eligible to retire with healthcare benefits but waive healthcare coverage.
SAL Conversion	Develop explicit SAL conversion rates for members who are eligible to convert sick and annual leave (SAL) balances at retirement and convert SAL balances into OPEB benefits.
Lapse/Re-Entry	Develop net lapse-re-entry rates for members who either lapse coverage after electing healthcare coverage or elect healthcare coverage after waiving coverage.
Other Demographic Assumptions	Develop termination, disability, and mortality rates based on experience specific to OPEB covered group.
Salary Increase	Develop salary increase assumptions based on experience specific to the OPEB covered group.

The long-term expected rate of return of 6.65% on OPEB plan investments was determined by a combination of an expected long-term rate of return of 7.00% for long-term assets invested with the WV Investment Management Board and an expected short-term rate of return of 2.50% for assets invested with the BTI.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentage. Target asset allocations, capital market assumptions (CMA), and forecast returns were provided by the Plan’s investment advisors, including the West Virginia Investment Management Board (WV-IMB). The projected return for the Money Market Pool held with the West Virginia Board of Treasury Investments (WV-BTI) was estimated based on WV-IMB assumed inflation of 2.0% plus a 25 basis point spread.

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

Assumptions (Continued)

The target allocation and estimates of annualized long-term expected real returns assuming a 10-year horizon are summarized below:

Asset Class	2022 Long-Term Expected Real Rate of Return	2021 Long-Term Expected Real Rate of Return
Global Equity	4.8 %	4.8 %
Core Plus Fixed Income	2.1	2.1
Core Real Estate	4.1	4.1
Hedge Fund	2.4	2.4
Private Equity	6.8	6.8

Single Discount Rate

A single discount rate of 6.65% was used to measure the total OPEB liability. This single discount rate was based on the expected rate of return on OPEB plan investments of 6.65% and a tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date to the extent benefits are effectively financed on a pay-as-you-go basis. The long-term municipal bond rate used to develop the single discount rate was 3.13% as of the beginning of the year and 2.45% as of the end of the year. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made in accordance with the prefunding and investment policies. Future pre-funding assumptions include a $30 million annual contribution from the State through 2037. Based on those assumptions, and that the Plan is expected to be fully funded by fiscal year ending June 30, 2025, the OPEB plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. Discount rates are subject to change between measurement dates.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the College's proportionate share of the net OPEB liability as of June 30, 2023, calculated using a discount rate that is one percentage point lower (5.65%) or one percentage point higher (7.65%) than the current rate.

	2023		
	1% Decrease (5.65%)	Current Discount Rate (6.65%)	1% Increase (7.65%)
Net OPEB (Asset) Liability	$ 295,466	$ 114,950	$ (39,212)

	2022		
	1% Decrease (5.65%)	Current Discount Rate (6.65%)	1% Increase (7.65%)
Net OPEB (Asset) Liability	$ 187,325	$ (34,909)	$ (219,426)

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the College's proportionate share of the net OPEB liability as of June 30, 2023 and 2022, calculated using the healthcare cost trend rate, as well as what the College's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point lower or one percentage point higher than the current rate.

	1% Decrease	Current Healthcare Cost Trend Rates	1% Increase
Net OPEB (Asset) Liability 2023	$ (65,352)	$ 114,950	$ 328,294
Net OPEB (Asset) Liability 2022	$ (257,748)	$ (34,909)	$ 236,535

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability at June 30, 2023 and 2022 was measured as of June 30, 2022 and 2021, respectively, which is the measurement date. The total OPEB liability at June 30, 2023 and 2022 was determined by an actuarial valuation as of June 30, 2021 and 2020, respectively, and rolled forward to the respective measurement dates.

At June 30, 2023, the College's proportionate share of the net OPEB liability was $154,328. Of this amount, the College recognized $114,950 as its proportionate share on the statement of net position. The remainder of $39,378 denotes the College's proportionate share of net OPEB liability attributable to the special funding.

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

At June 30, 2022, the College's proportionate share of the net OPEB liability was $(41,783). Of this amount, the College recognized $(34,909) as its proportionate share on the statement of net position. The remainder of $(6,874) denotes the College's proportionate share of net OPEB liability attributable to the special funding.

The allocation percentage assigned to each participating employer and nonemployer contributing entity is based on its proportionate share of employer and nonemployer contributions to OPEB for each of the fiscal years ended June 30, 2022 and 2021. Employer contributions are recognized when due. At the June 30, 2022, measurement date, the College's proportion was 0.103281%, a decrease of 0.014120% from its proportion of 0.117401% calculated as of June 30, 2021. At the June 30, 2021, measurement date, the College's proportion was 0.117401%, a decrease of 0.002948% from its proportion of 0.120349% calculated as of June 30, 2020.

For the year ended June 30, 2023, the College recognized OPEB expense of $621,886, of this amount, $495,145, was recognized as the College's proportionate share of OPEB expense and $126,741 as the amount of OPEB expense attributable to special funding from a nonemployer contributing entity. The College also recognized revenue of $126,741 for support provided by the State.

For the year ended June 30, 2022, the College recognized OPEB expense of $(693,233), of this amount, $(661,275), was recognized as the College's proportionate share of OPEB expense and $(31,958) as the amount of OPEB expense attributable to special funding from a nonemployer contributing entity. The College also recognized revenue of $(31,958) for support provided by the State.

At June 30, deferred outflows of resources and deferred inflows of resources related to OPEB are as follows:

	2023	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in Proportion and Difference Between Employer Contributions and Proportionate Share of Contributions	$ 33,633	$ 135,247
Opt-Out Employer Change in Proportionate Share	-	742
Net Difference Between Projected and Actual Investment Earnings	17,843	-
Changes in Assumptions	73,717	292,068
Differences Between Expected and Actual Experience	-	146,641
Contributions After the Measurement Date	94,904	-
Total	$ 220,097	$ 574,698

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

	2022	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in Proportion and Difference Between Employer Contributions and Proportionate Share of Contributions	$ 88,249	$ 71,570
Opt-Out Employer Change in Proportionate Share	-	12,582

Differences Between Expected and Actual Experience	-	240,470
Contributions After the Measurement Date	121,377	-
Total	$ 209,626	$ 1,304,224

The College will recognize the $94,904 reported as deferred outflows of resources resulting from OPEB contributions after the measurement date as a reduction of the net OPEB liability in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	Amortization
2024	$ (400,021)
2025	(57,009)
2026	(42,596)
2027	50,121
Total	$ (449,505)

Payables to the OPEB Plan

The College did not report any amounts payable for normal contributions to the OPEB plan as of June 30, 2023 and 2022.

NOTE 9 STATE SYSTEM OF HIGHER EDUCATION INDEBTEDNESS

The College is a State institution of higher education, and the College receives a State appropriation to finance its operations. In addition, it is subject to the legislative and administrative mandates of the State government. Those mandates affect all aspects of the College's operations, its tuition and fee structure, its personnel policies, and its administrative practices.

NOTE 9 STATE SYSTEM OF HIGHER EDUCATION INDEBTEDNESS (CONTINUED)

The State has chartered the Commission with the responsibility to construct or renovate, finance, and maintain various academic and other facilities of the State's universities and colleges, including certain facilities of the College. Financing for these facilities was provided through revenue bonds issued by the former Board of Regents or the former Boards of the University and College Systems (the Boards). These obligations administered by the Commission are the direct and total responsibility of the Commission, as successor to the former Boards.

The Commission has the authority to assess each public institution of higher education for payment of debt service on these system bonds. The tuition and registration fees of the members of the former State University System are generally pledged as collateral for the Commission's bond indebtedness. Student fees collected by the institution in excess of the debt service allocation are retained by the institution for internal funding of capital projects and maintenance. Although the bonds remain as a capital obligation of the Commission, an estimate of the obligation of each institution is reported as a long-term payable by each institution and as a receivable by the Commission.

For the years ended June 30, debt service assessed was as follows:

	2023	2022
Principal	$ 61,736	$ 59,060
Interest	14,369	17,343
Other	2,920	-
Total	$ 79,025	$ 76,403

During the year ended June 30, 2005, the Commission issued $167,000,000 of 2004 Series B 30-year Revenue Bonds to fund capital projects at various higher education institutions in the State. The College received $4,253,559 of these funds plus interest earnings of $281,294. State lottery funds will be used to repay the debt, although, the College revenues are pledged if lottery funds prove insufficient.

During December 2009, the Commission, on behalf of the Council, issued $78,295,000 of Community and Technical Colleges Improvement Revenue Bonds, 2009 Series A (the 2009 Bonds). The proceeds of the 2009 Bonds will be used to finance the acquisition, construction, equipping, or improvement of community and technical college facilities in West Virginia. The College was authorized and received $13,500,000 of these proceeds. State lottery funds will be used to repay the debt.

NOTE 10 LEASES

Leases Receivable

The College, acting as lessor, leases classroom and office space to a third party under a long-term, noncancelable lease agreement. The lease revenue and interest income for the years ended June 30, 2023 and 2022 are summarized in the following table.

	2023	2022
Lease Revenue	$ 58,637	$ 30,280
Interest Income	5,588	1,218
Total	$ 64,225	$ 31,498

Future minimum lease payments to be received under lease agreements are as follows:

Year Ending June 30,	Principal	Interest	Total
2024	$ 67,212	$ 5,148	$ 72,360
2025	70,041	2,319	72,360
2026	17,966	124	18,090
Total	$ 155,219	$ 7,591	$ 162,810

Leases Payable

The College leases office space and equipment for various terms under long-term, noncancelable lease agreements. The leases expire at various dates through 2027.

GASB Statement No. 87 requires the use of an incremental borrowing rate since the discount rate applied to lease payments is not specified in the College's leases. The College used an incremental borrowing rate of 4.13%.

Future minimum lease payments under lease agreements are as follows:

Year Ending June 30,	Principal	Interest	Total
2024	$ 80,435	$ 6,844	$ 87,279
2025	51,878	3,992	55,870
2026	31,787	2,200	33,987
2027	33,124	862	33,986
Total	$ 197,224	$ 13,898	$ 211,122

NOTE 11 SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITA)

The College has entered into SBITA's for software used for educational and administrative purposes for various terms under long-term, noncancelable agreements. The SBITA's expire at various dates through 2026 and provide for renewal options. As of June 30, 2023, SBITA assets and the related accumulated amortization totaled $231,718 and $86,614, respectively. As of June 30, 2022, SBITA assets and the related accumulated amortization totaled $263,186 and $58,846, respectively.

The future subscription payments under SBITA's are as follows:

Year Ending June 30,	Principal	Interest	Total
2024	$ 38,135	$ 7,725	$ 45,860
2025	40,889	5,171	46,060
2026	36,327	2,433	38,760
Total	$ 115,351	$ 15,329	$ 130,680

NOTE 12 UNRESTRICTED COMPONENTS OF NET POSITION

The unrestricted component of the College's net position is as follows:

	2023	2022 (As Restated)
Total Unrestricted Net Position Before OPEB	$ 13,188,350	$ 11,121,067
Less: OPEB (Asset) Liability	114,950	(34,909)
Total Unrestricted Net Position	$ 13,073,400	$ 11,155,976

The College did not have any designated unrestricted net position as of June 30, 2023 and 2022.

NOTE 13 RETIREMENT PLANS

Substantially all full-time employees of the College participate in either the West Virginia Teachers' Retirement System (TRS) or the Teachers' Insurance and Annuities Association - College Retirement Equities Fund (TIAA). Previously, upon full-time employment, all employees were required to make an irrevocable selection between the TRS and TIAA. Effective July 1, 1991, the TRS was closed to new participants. Current participants in the TRS are permitted to make a one-time election to cease their participation in that plan and commence contributions to the West Virginia Teachers' Defined Contribution Plan. Contributions to and participation in the West Virginia Teachers' Defined Contribution Plan by College employees have not been significant to date.

Effective January 1, 2003, higher education employees enrolled in the basic 401(a) retirement plan with TIAA have an option to switch to the New Educators Money 401(a) basic retirement plan (Educators Money). New hires have the choice of either plan.

NOTE 13 RETIREMENT PLANS (CONTINUED)

Defined Benefit Pension Plan

Some employees of the College are enrolled in a defined benefit pension plan, the West Virginia Teachers' Retirement System (TRS), which is administered by the West Virginia Consolidated Public Retirement Board (CPRB).

There were no net pension liability, revenues, or contributions made by the College for the years ended June 30, 2023 and 2022.

Defined Contribution Benefit Plans

The TIAA and Educators Money are defined contribution benefit plans in which benefits are based solely upon amounts contributed plus investment earnings. Employees who elect to participate in these plans are required to make a contribution equal to 6% of total annual compensation. The College matches the employees' 6% contribution. Contributions are immediately and fully vested. In addition, employees may elect to make additional contributions to TIAA and Educators Money which are not matched by the College.

Total contributions to the TIAA for the years ended June 30, 2023 and 2022, and 2021, were approximately $727,000, $738,000, and $829,000, respectively, which consisted of equal contributions from the College and covered employees of approximately $363,000, $369,000, and $415,000, respectively.

There were no contributions to the Educators Money for the years ended June 30, 2023, 2022, or 2021.

The College's total payroll for the years ended June 30, 2023 and 2022, and 2021, was approximately $6,771,000, $7,017,000, and $7,386,000, respectively. Total covered employees' salaries in the TIAA and Educators Money were approximately; $6,163,000, $6,150,000, and $6,900,000, and $-0-, $-0-, and $-0-, respectively, in 2023, 2022, and 2021.

NOTE 14 CONTINGENCIES

The nature of the educational industry is such that, from time-to-time, claims will be presented against the College on account of alleged negligence, acts of discrimination, breach of contract, or disagreements arising from the interpretation of laws or regulations. While some of these claims may be for substantial amounts, they are not unusual in the ordinary course of providing educational services in a higher education system. In the opinion of management, all known claims are covered by insurance or are such that an award against the College would not have a significant financial impact on the financial position of the College.

Under the terms of federal grants, periodic audits are required, and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursement to the grantor agencies. The College's management believes disallowances, if any, will not have a significant financial impact on the College's financial position.

NOTE 14 CONTINGENCIES (CONTINUED)

The Internal Revenue Code of 1986 establishes rules and regulations for arbitrage rebates. There are no arbitrage rebate liabilities that have been recorded in the financial statements at June 30, 2023 and 2022.

The College owns buildings that are known to contain asbestos. The College is not required by federal, state, or local law to remove the asbestos from its buildings. The College is required under federal environmental, health, and safety regulations to manage the presence of asbestos in its buildings in a safe manner. The College addresses its responsibility to manage the presence of asbestos in its buildings on a case-by-case basis. Significant problems of dangerous asbestos conditions are abated as the conditions become known. The College also addresses the presence of asbestos as building renovation or demolition projects are undertaken and through asbestos operation and maintenance programs directed at containing, managing, or operating with the asbestos in a safe manner.

NOTE 15 MOUNTWEST FOUNDATION, INC.

With the change in State law to establish the College as a separate entity, a separate nonprofit Mountwest Foundation, Inc. (Mountwest Foundation) was incorporated in the State, effective July 1, 2009, whose purpose is to benefit the work and services of the College. Mountwest Foundation has a 16-member Board. There was limited activity in the Mountwest Foundation in fiscal years 2022 and 2023. Accordingly, the financial statements of the Mountwest Foundation are not included in the accompanying financial statements because they are not controlled by the College, and they are not considered significant.

NOTE 16 SERVICE CONCESSION ARRANGEMENTS

The College has adopted GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements* (SCA). The College has identified one contract for service that meets the four criteria of a SCA. SCAs are defined as a contract between a government and an operator, another government or a private entity, in which the operator provides services, the operator collects and is compensated by fees from third parties, the government still has control over the services provided, and the government retains ownership of the assets at the end of the contract.

The College contracts with Follett Higher Education Group, Inc. (FHEG) to operate its bookstore located within the College's facilities; a professional bookstore that yields the highest caliber of services to the College community. The contract with Follett has been in place since April 18, 2012, with the last renewal period going through fiscal year 2024. The College receives annual rents of $12,000 and commission payments calculated at a contractually agreed upon percentage of bookstore gross sales. In 2023 and 2022, the College received approximately $18,063 and $36,872, respectively, in commissions from Follett. There were no significant renovations to the College facilities by Follett in either 2023 or 2022.

Mountwest Community and Technical College
Huntington, West Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Mountwest Community and Technical College (the College) (a component unit of the West Virginia Council for Community and Technical College Education), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated September 29, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
